Christian Reader,

TO satisfie the Studious, both Ministers and others, that desire to see a Catalogue of the most approved Orthodox Books in Divinity that have been printed for about 20 years past, and likewise what hath been published lately, I have indeavoured to present thee in this small Manual, the most approved Authors (in the judgment of them that are both wise and learned). Though in some few of them something may be disputable, yet because their practicall Pieces may be of good use (being read with a caution) I have inserted them.

I have on purpose waved the Heterodox Divinity Books, as not worth

worth naming, which have much prejudiced the Church, and stuffed the Shops of some, to the corrupting the Heads and Hearts of those that receive not the Truth in the love of it, but are given up to believe a lie.

I have left between every Letter spaces, that thou maist add what Books come forth in the interim.

I have also put a Star in the margin of those that came forth latest.

If this give satisfaction to those Ministers beyond the sea, and these at home, that desire some such thing yearly, the defects in this shal be supplied, and what other choice Pieces come forth in this kind (if God permit) shall be added

March 26
1655.

By one that desires to be found
a Friend to the Truth,

J. R.

Imprimatur,
ED. CALAMY.
